

TARRAULA ROUTE

Among farm roads and traditional tracks, almost all asphalted, this predominantly flat and circular route crosses the Municipality of **Xàbia** in a diagonal direction near the boundary of the Municipality of **Benitatxell**. Among pine woods and vineyards, we ascend towards **Tossal Gros**, returning to the departure point by the **Río Gorgos** riverbank.

DESCRIPTION:

The fact that it has three clearly defined sections in an increasing order of difficulty, makes this route suitable for all levels. The most difficult sections are a couple of steep slopes of just 100 m. (Lago Tana and Giovanni Bocaccio), a narrow path through a wood (c/Pio Baroja), and the ascent on the **Camí de Tarraula** (1 km.) as well as a steep descent up to **Camí Cabanes**. People who are not accustomed to bike riding and small children may optionally go to Parque c/ Lago Tanganika and return by the same road (12 km).
